Fall Update – 2026

Welcome back Deer Lodge Thistle Curlers!

The ice is almost ready, and we're looking forward to welcoming everyone back for another great season of curling! Our first draw is Tuesday, October 13, and we can't wait to see the club buzzing with activity again.

Registration Is Now Open!

This season, Deer Lodge Thistle Curling Club will be using Curling I/O through Curl Manitoba for member registration. We encourage everyone to register and submit payment as early as possible. Early registration helps us finalize leagues, organize schedules, and prepare for a smooth start to the season.

Register online here:

A New Roof and a New Ice Plant!

This season marks an exciting milestone for our club with the completion of our new roof project and state-of-the-art ice plant. These major improvements represent an important investment in the future of Deer Lodge and will help us maintain a quality facility for our members and the wider community for years to come.

A big thank-you to everyone who has contributed to our fundraising efforts and helped make these projects possible! Fundraising contributions are still welcome. Every donation, large or small, helps support ongoing improvements and keeps our club moving forward.

Do You Have a Special Skill to Share?

As we continue improving our facility, we're looking to connect with members and friends of Deer Lodge who have professional skills or specialized experience they might be willing to share. Whether you can spare an hour or two to help with a specific project, your time and expertise could make a real difference.

Interested in lending a hand? Please contact Scott at DLCCPRESIDENT@gmail.com.
