

August Newsletter

We hope everyone is enjoying their summer and some well deserved weather after the brutal winter we endured last curling season! Now that the calendar has flipped to August, we wanted to reach out and kick-off the communication and preparations for the 2022-23 curling season. It is shaping up to be a very busy curling calendar yet again and hopefully even more participation and folks returning to curl than the previous year.

Golf Day/Registration Night!

The first date to put on the calendar is Tuesday, September 13. This is going to be the date for **both** the DLCC Golf Day as well as our official Registration Night. More info will be coming, but the golfing will follow a similar format to last year's event and will take place in the late afternoon/after work for 9 holes before food and drinks back at the club. For those who are not interested in golfing, the club will be open that evening as well and we will be set-up for our registration night so you can drop by the club to pay for your curling and have a drink to catch-up with some friends. Stay tuned for specific times and more info in the next week or two. If you are interested in participating in Golf Day, please email dlcccontact@gmail.com.

Opening Bonspiel!

The curling schedule is being finalized in the next week and we will have specific dates and

registration rates being sent out by your league convener ASAP. The plan is to start things off again with the "Back in the Hack" open bonspiel just after Thanksgiving weekend.

Not-for-Profit Status!

The DLCC is proud to announce that the curling club is now officially recognized as a not-for-profit corporation! Previously, the Deer Lodge Curling Club was incorporated as a Shareholder (i.e. for profit) corporation, even though the club's objective is to break even financially each and every curling season. This process to have the status changed was a long and challenging one, and the DLCC Executive would like to thank Kris Keough and Reg Sims for their tireless efforts leading this process. The change in corporate status is an important one because it allows the curling club to be eligible and apply for grants/external funding to help support both capital projects and operational expenses around the DLCC. If you have an interest in helping the club search and apply for grants, we are going to be setting up a small committee that is separate from the Board for this specific purpose. Please email Corey at dlccpresident@gmail.com if you would like more information.

The DLCC cannot operate without the help of volunteers, and as the saying goes - "*many hands makes light work*". If you are interested in helping out and giving back to the club, even if it's for a very small time commitment, we would love to hear from you.
